

“The OC-Light and the OC FIT-CHEK family of FITs (Polymedco, Inc., Cortland Manor, NY) have the best test performance characteristics (i.e., highest sensitivity and specificity).”

<http://www.uspreventiveservicestaskforce.org/Page/Document/draft-recommendation-statement38/colorectal-cancer-screening2>

“Increasing screening rates to 80% by 2018 would prevent 277,000 new cases of colon cancer and 203,000 deaths within 20 years.”

Ahmedin Jemal, DVM, PhD, American Cancer Society (ACS) Vice President, Surveillance and Health Services,
<http://www.cancer.org/cancer/news/news/impact-of-achieving-80-by-2018-screening-goal>

“At this time, the brand of FIT that has been most extensively tested and is available in the United States is OC FIT-CHEK® (Polymedco).”

Centers for Disease Control and Prevention (CDC),
Richard Wender, MD, Chief Cancer Control Officer of the American Cancer Society (ACS) and Chair of the National Colorectal Cancer Roundtable (NCCRT),
http://www.cdc.gov/cancer/colorectal/quality/crc_screening_optimizing_quality_primary_care2.pdf

“These data are consistent with an overall impression that the fecal immunochemical test product by Eiken (marketed in the U.S. by Polymedco) is the FIT test with the best clinical evidence to support its use.”

Dr. Douglas Rex,
Past President of the American College of Gastroenterology (ACG),
