

Memorial Hospital Laboratory - DOWNTIME LAB TEST REQUEST

Instructions: Use this form to request laboratory tests when computer systems are down. Inclusion of phone, fax, and tube station numbers is essential for communication of patient test results. In an extended downtime, the Laboratory will limit testing to the items listed below. Please hold requests for other tests until systems are restored. Tests that are not on this list may be written in and will be considered on a case-by-case basis by laboratory directors.

Unit Phone Number: _____ Unit Fax Number: _____ Unit Tube Station: _____ Ordering Physician: _____	STAT ☐	Patient Information ☐ Serum ☐ Whole Blood ☐ Plasma ☐ Random ☐ Urine ☐ Other (SPECIFY) _____ ☐ Phlebotomy Needed
---	--------------------------------------	--

Collection date (required):	Time:	Collected by:	Unit/Room #
------------------------------------	--------------	----------------------	--------------------

Order only tests medically necessary for the treatment or diagnosis of the patient. For outpatients, enter the ICD10 codes which demonstrate the medical necessity of each test ordered (REQUIRED)	ICD10 Code(s)

Unless this testing meets an exception under Colorado law, by authorizing this order you understand that Colorado law requires you to inform the patient that (1) you have ordered testing for sexually transmitted infections; (2) the results may be reported to Colorado's health department; and (3) the patient can opt out of testing.

Memorial Hospital Laboratory - DOWNTIME LAB TEST REQUEST

AMA Approved Chemistry Panels:

Electrolytes Panel	Carbon dioxide, Chloride, Potassium, Sodium
Basic Metabolic Panel	Calcium, Carbon dioxide, Chloride, Creatinine, Glucose, Potassium, Sodium, Urea nitrogen
Comprehensive Metabolic Panel	Albumin, Alkaline phosphatase, ALT (SGPT), AST (SGOT), Urea Nnitrogen (BUN), Bilirubin Total, Calcium, Carbon dioxide, Chloride, Creatinine, Glucose, Potassium, Protein Total, Sodium
Hepatic Function Panel	Albumin, Alkaline phosphatase, ALT (SGPT), AST (SGOT), Bilirubin Total, Bilirubin Direct, Protein Total

URINE DRUGS OF ABUSE SCREEN	Panel includes Qualitative testing for: • Amphetamines • Barbiturates* • Benzodiazepines • Cocaine Metabolites • Marijuana (THC) • MDMA • Methadone • Methamphetamines • Opiates • TCA
------------------------------------	--

Specimen Collection Container Legend:

B- Blue top (3.2% sodium citrate), fill 100%	S- Plastic blood gas syringe with dry balanced heparin
BC - Blood culture bottles	SC- Sterile container
GG- Green top w/ gel (lithium heparin)	SW- 1 dry polyester fiber-tipped swab
GN- Green top, no gel (sodium heparin)	U - plastic urine container
G- Gold top w/ gel (SST clot activator)	BD- BD Affirm Swab
L- Lavender (purple) top (EDTA)	VM- Viral Transport Media
P- Pink top (EDTA)	
R- Red top, no gel, clot activator
