IF YOUR HEALTH PLAN IS NOT LISTED ABOVE then Herrin Hospital is an out-of-network or non-participating provider. Be aware that when you choose to utilize the services of a non-participating provider for anything other than emergency services or services approved by your health plan in advance, your health plan will likely pay for your services at your out-of-network level of benefits which may be substantially less than your in-network level of benefits. You are STRONGLY encouraged to obtain information on in-network versus out-of-network benefit levels by calling the toll free telephone number on the back of your insurance ID card.
