

Semen Testing, Update

December 5th, 2023

Laboratory Outreach Client,

The previous issue regarding our analyzer was resolved. The laboratory is pleased to announce that our capability to test semen samples was restored, effective immediately.

The following tests are now available:

- Semen Analysis (SEMN), LAB6028
- Sperm Check (SPCK), LAB6029
- Sperm Check, Vas Aspirate (SPVAS), LAB6055

Please reach out to Client Services by calling 503-814-LABS (5227) with any questions. We look forward to serving you as a valued client. Please visit our test menu at: www.testmenu.com/salemhealthlab for additional information.

Thank you,
Laboratory Services
