

Bloodborne Pathogen Exposure Tip Sheet

Refer to Policy #496: Bloodborne Pathogen Exposure Control Plan

If you have an exposure through a
needle stick/sharp/splash

Notify your Lead or Supervisor Immediately!!!

Perform appropriate first aid (wash affected
area, irrigate eyes, etc.)

Access forms and instructions here:

ShareWell – Employee Resources – Employee Health - Exposures

Fill out appropriate Post Exposure Forms and follow instructions.
Together with Lead/Supervisor make sure to file a Verge Report.

It is the Lead/Supervisor's responsibility to ensure the
protocol and policies are followed!
