**** IMMEDIATE CHANGE ****

United Healthcare Community Plan – Medicaid (FLMMA) must go to LabCorp or Quest, CLS is no longer a provider.

FOOTNOTES & SUCH:

- BCBS – CLS only accepts Federal (ID begins with R) and Smart health, all other plans must go to Quest.
- **Out-of-Network** – CLS can accept any out-of-network insurance, however, patients will be subject to a higher co-payment and/or deductible for which CLS will not be responsible for writing off any claim balance. It is best practice for patient to go to the preferred lab indicated to avoid receiving a higher bill for going out-of-network. Our belief is for patients to use their health insurance benefits to their maximum potential.
- **BRCA & GENETIC Testing - Providers - contact CLS Administration 308-5600 option # 5, PRIOR** to patient specimen collection for further information; i.e.: insurance preauthorization and mandatory history form are **required in advance**. There are no exceptions. If patient is drawn without the required documents, testing will be cancelled upon specimen arrival in our lab. CLS will not be responsible for a patient's bill if testing is completed without PRIOR PREAUTHORIZATION.
- ++ **Worker's Compensation claim information needed to bill.** Include accident date, employers' name, telephone and claim #.
- **STD Testing** - Testing for Bacterial Vaginosis/Vaginitis is once again available. CLS has added the Vaginitis Panel by TMA for ordering with the Orange Multitest Aptima Swab as Consolidated Lab discontinued the use of BD Affirm swabs. For additional information, contact CLS at 308-5600 opt. 5 or consult our website; www.conlabs.com/charts for the STD chart information.

SELF-PAY Patient Information:

- **CLS Patient Service Center Collection** - Patient is collected at a CLS Patient Service Center paying at the time of service receiving the full discounted prices. (Cash is not an acceptable form of payment).
- **Physician Office** – Patient collected inside physician office. Office indicates on lab requisition; patient is self-pay. Patient receives bill for non-discounted pricing. Upon receipt of bill, patient calls our billing partner, Change Healthcare, 1-888-258-9186 (not all tests can be discounted) and agrees to pay in full at that time, they will receive the 35% discount. If not, payment arrangements can be made with Change Healthcare. Consultation between patient and physician should occur prior to collection if cost is a factor.
- **Bill Client** – Physician office agrees to pay charges via itemized monthly billing statement. Authorized physician staff member should approve by signing the test request form to give CLS the authority to bill the client account. If not approved, patient will be billed the non-discounted price. (Note: *not all tests are discountable*) If patient is billed, CLS is not responsible for writing off charges.
