Sample Shipping Instructions for clients of Intermountain Laboratory Services
**** LOCAL COURIER ****

If your facility or clinic is located along or near the I-15 corridor, Intermountain Courier Services can likely come to you to pick up samples.

Place samples for each individual patient in a separate 6x9 specimen bag. Place the specimen bag in your lockbox or in the spot in your clinic designated for courier pick up.

Call (801) 442-4090 to request a courier pick up.

If you have any questions or concerns regarding these instructions, please contact your Laboratory Account Executive.

Thank you for using Intermountain Laboratory Services. We appreciate your business.
