

MEMO: Viracor Transition from Micro to Sendouts Dept.

Who is this message for:

NewYork Presbyterian Hospital/Weill Cornell Medical Center healthcare providers and clients

A detailed description of the new feature/change:

Effective Tuesday, January 3rd 2023, Microbiology will shift sending samples routed to Viracor to a centralized location at the Sendout Department in L801. Microbiology will no longer send samples directly to Viracor.

Why is this message important:

A change in contact info regarding testing and samples for Viracor will occur.

What do we need from you?

Please note the change in contact info.
