Compliance is Mandatory and Regulated. For the laboratory to bill property and receive payment for tests ordered on Medicare Beneficiaries, specific ICD-10 code(s) or a descriptive diagnosis must be included on each patient for each test ordered. It is critical that the diagnosis provided to lab is consistent with those recorded in the patient medical record on the date of service.

Attestation: My signature below affirms both the information necessary for testing and indicates that the patient above meets the Medicare/Medicaid guidelines that define homebound and is eligible for home draw services under these guidelines. I understand that if at any time this patient no longer meets the Medicare/Medicaid homebound guidelines, I must notify UR Medicine Laboratories to discontinue home draw services.
