

One Stop Coronavirus Testing Fact Sheet

Emergency Department and Inpatient Testing

Note: COVID-19 tests performed in-house on hospitalized patients are routinely available within 24 hours.

Test Name	Tests Included in Panel	EPIC Test Code	Patient Cost
FLUCV https://www.testmenu.com/salemhealthlab/Tests/1089996	Influenza A, B, RSV, COVID-19	LAB7110	\$615

Ordering Guidelines:

-Available to ED and Inpatients only. For Outpatients see LAB4144 XCRNA.

-To be used when Influenza infection status will alter treatment decisions, such as when the patient is eligible for Influenza retroviral therapy.

-This test may only be ordered once per hospital admission. For repeat testing see LAB4147 CVD, COVID-19 standalone test.

-Due to the high volume of testing and length of the assay, expect 24 hours from receipt in lab to result.

Test Name	Tests Included in Panel	EPIC Test Code	Patient Cost
RP2 https://www.testmenu.com/salemhealthlab/Tests/753539	Adenovirus, Coronavirus (229E, HKU1, NL63, OC43), COVID-19, Human Metapneumovirus, Human Rhinovirus/Enterovirus, Influenza A, H1, H1-2009, H3, Influenza B, Parainfluenza (1, 2, 3, and 4), RSV A, RSV B, Chlamydia pneumonia, Mycoplasma pneumoniae	LAB7111	\$1,406

Ordering Guidelines:

-This panel is intended for Inpatients being admitted to ICU with evidence of viral pneumonia.

-This test will be ordered by ICU admitting physician upon admission. Coordinate when considering ordering this test before requesting the 4 in one combo test (LAB7110) to avoid duplicate testing of viral targets.

-Due to the high volume of testing and the length of the assay, expect 24 hours from receipt in lab to result.

Test Name	Tests Included in Panel	EPIC Test Code	Patient Cost
CVD https://www.testmenu.com/salemhealthlab/Tests/1040664	SARS-CoV-2 (COVID-19)	LAB4147	\$160

Ordering Guidelines:

-**Available to ED and Inpatients only.** For Outpatients see LAB4144 XCRNA.

-Standalone test for COVID-19 performed in-house.

-Intended to diagnose COVID-19 infection in symptomatic and asymptomatic patients, and those being considered for placement or discharge.

-Due to the high volume of testing and the length of the assay, expect 24 hours from receipt in lab to result.

Outpatient and Community Testing

Note: At this time all COVID-19 testing on Outpatients will be sent to our reference lab. Please allow up to 7 days from receipt in lab to result.

Test Name	Tests Included in Panel	EPIC Test Code	Patient Cost
XCRNA https://www.testmenu.com/salemhealthlab/Tests/1048600	SARS-CoV-2 (COVID-19)	LAB4144	\$267

Ordering Guidelines:

-Available to any patient with a doctor's order in the Salem Health or West Valley Hospital Community.

-Primary test used for pre-procedural screenings 7 days from the date of surgery, and routine screenings on non-admitted patients.
