

# DO NOT COLLECT

The following tests have special processing and/or time limits.

It is recommended that these specimens be collected at one of the SBL Laboratory collection sites to insure proper processing.

If the specimen needs to be collected at the clinic, please call the SBL laboratory (217-258-2225) for specific information PRIOR to collecting the specimen.

---

- Ammonia Level
- Antithrombin, III (Activity)-ARUP 0030010
- Activated Protein C Resistance-ARUP 0030127
- Arterial Blood Gas ABG
- Cold Agglutinins-ARUP 0050175
- Cryoglobulin Qualitative with Rflx-ARUP 2002063
- Factor VII Activity, Clotting-ARUP 0030080
- Factor VIII Activity, Clotting-ARUP 0030095
- Factor IX, Activity- ARUP 0030100
- Factor X, Activity-ARUP 0030105
- Factor XI, Activity-ARUP 0030110
- Factor XII, Activity-ARUP 0030115
- Factor XIII Activity-ARUP 2006182
- Glucagon Level-ARUP 0099165
- Heparin Anti Xa, Unfractionated
- Heparin Anti Xa, LMWH
- Lupus Anticoagulant Reflex Panel-ARUP 3017009
- AFB and Fungal Blood Culture-ARUP 0060024
- Post Vasectomy Semen Analysis
- Protein C and S Panel, Functional-ARUP 0030182
- Protein C, Functional-ARUP 0030113
- Protein S, Functional-ARUP 0030114
- Protein S, Free, Ag-ARUP 0098894
- Protein S, Total Antigen- ARUP 0030112
- Pthrp by LC/MS- ARUP 2010677
- Semen Analysis
- Venous Blood Gas VBG
- Von Willebrand Screen-ARUP 0030125
- Von Willebrand Factor Multimer- ARUP 0092281
- Von Willebrand Multimeric Panel- ARUP 0030002
- Von Willebrand Pnl w/Reflex-ARUP
