Dear Dr. Gonzalez:

The College of American Pathologists is pleased to inform you that the laboratory system under your responsibility, Southern Illinois Hosp Svcs, has successfully participated in the CAP System Inspection process. Through participation, you have made a commitment to delivering quality health care throughout your network.

Enclosed are certificates of participation for each of your laboratories. Participation is valid for a two-year period but is not a substitute for the continuous quality monitoring and improvement between inspections. To assist you in these efforts, you will receive on a periodic basis CAPLINKS reports that summarize your system's proficiency testing and accreditation information.

Congratulations once again on successful participation in the CAP System Inspection process.

Sincerely,

Walter H. Henricks, MD
Chair, Commission on Laboratory Accreditation
