

Laboratory Testing Update

Date: 11/13/2024

To: All Providers

RE: *New* Tests

Beginning **Wednesday, 12/4/2024**, Preferred Lab Partners on the EDG campus will launch the following new tests:

Test Name	Lab Test #
Myeloperoxidase (MPO) Antibodies, IgG, Serum	LAB 2514
Serine Protease 3 (PR3) Antibodies, IgG, Serum	LAB 2515
SS-A 52 and 60 (Ro) Antibodies, IgG, Serum	LAB 3344
SS-B (La) Antibodies, IgG, Serum	LAB 3345
Tissue Transglutaminase Antibody, IgA	LAB 2512
Tissue Transglutaminase Antibody, IgG	LAB 2513
Deamidated Gliadin Peptide (DGP) Antibody, IgA	LAB 871
Deamidated Gliadin Peptide (DGP) Antibody, IgG	LAB 872

New order panels have been created for convenience.

Order Panel Name	Order Panel #	Tests Included
Extractable Nuclear Antigen Antibodies (SSA 52, SSA 60, and SSB)	Inpatient 461608 Outpatient 461609	SS-A 52 SS-A 60 SS-B
MPO/PR3 (ANCA) Antibodies	Inpatient 461610 Outpatient 461611	MPO PR3

In addition, a new Celiac Disease Test Panel has been created in Epic to assist providers. The default selection is for **reflex testing** as shown below. However, under special circumstances, non-reflex orders may be clinically indicated, and that option also is available in the panel.

Celiac Disease Test Panel
✓ Accept

The reflex algorithm is applicable to adults and children as long as the individual is maintaining a regular (gluten-containing) diet.

☒ Reflex Screening Algorithm (Initial total IgA and TTG IgA followed by TTG IgG and DGP IgG if IgA undetectable)

☒ Celiac Screen w/ Reflex
ROUTINE, today at 0810, For 1 occurrence
Blood

☐ Non-Reflex Orders (must select each order individually)

⚠ Next Required
✓ Accept

If you have additional questions please contact Amanda Lee, Immunology Supervisor at (859) 301-0755.
