RE: Two New Liver Fibrosis Tests Available for Ordering

We are happy to announce there are two new orderable tests for Liver Fibrosis Testing.

1) LAB10201 LIVER FIBROSIS, NON-ALCOHOLIC FATTY LIVER DISEASE-REF LAB

This test is performed by our reference laboratory ARUP and includes an order for a platelet count.

2) LAB10203 HEPATITIS C VIRUS FIBROSURE-REF LAB

This test is performed by reference laboratory LabCorp. Result reports will be scanned into EPIC.

If you have additional questions about these new tests, please contact Chris Sullinger, Send Outs Manager, at 859-301-0792.
