

# Preferred Lab Partners

## What is Preferred Lab Partners?

Preferred Lab Partners is an independent reference laboratory formed as a Joint Venture in 2018 between two partners: St. Elizabeth Healthcare and TriHealth.

**Mission:** The preferred lab of physicians, patients, and insurance providers across the region

**Vision:** PLP commits to offering its owners and customers exceptional testing and consultative services by listening, innovating, standardizing, and communicating. All done with the patients at the heart of our service.

## What does Preferred Lab Partners do?

Preferred Lab Partners (PLP) is a testing laboratory performing Chemistry, Hematology, Immunology, Microbiology, Molecular and Toxicology work for both St. Elizabeth Healthcare and TriHealth. Preferred Lab Partners (PLP) serves the outreach communities of both health systems along with some targeted inpatient work for St. Elizabeth Healthcare and TriHealth.

## Where is Preferred Lab Partners Located?

Preferred Lab Partners (PLP) is an independent reference laboratory in the state of Kentucky located within the St. Elizabeth Healthcare's Edgewood facility.
